

Projects Procurement Office

- EA/Engineering
 - EC/Crew & Thermal System
 - Life Support (ECLSS) & Space Suits
 - EG/Aeroscience & Flight Mechanics
 - Guidance, Navigation, and Control
 - EP/Propulsion and Power
 - Propellants, batteries, pyrotechnics, etc.
 - ER/Software, Robotics & Simulation
 - Robotics, automation, flight simulation & software
 - ES/Structural Engineering
 - thermal, materials, mechanical design, & loads
 - EV/Avionics Systems
 - Avionics design, integration, & wireless and comm sys
- Major Contracts:
 - JSC Engineering, Technology & Science (JETS) Contract
 - Simulation Software & Technology (SST) Contract
 - Simulation & Advanced Software Services (SASS) Contract
 - Rendezvous & Proximity Operations Contract (RPOC)
- RA/White Sands Test Facility
 - Environmental
 - Air quality, remediation, waste, sustainability
 - Facility Engineering
 - Hazardous testing and operations
 - Logistics
 - Equipment/property mgmt, receiving, mail, supply mgmt, transportation
 - Materials and Component Laboratories
 - High velocity testing
 - Protective Services
 - Fire department, physical security, weapons range
 - Safety and Mission Assurance
- Major Contracts:
 - Test Evaluation Support Team (TEST) Contract
 - Environmental Compliance & Operations (ECO) Contract

Projects Procurement Office

- SA/Human Health & Performance
 - Human Research Program
 - Human factors, countermeasures, and space radiation research
 - Space Medicine Operations
 - Medical operations and occupational medicine
 - Human Systems Engineering & Integration
 - Systems & project management and program Integration
 - Biomedical Research and Environmental Sciences
 - Biomedical and environmental projects and laboratories
- Major Contracts:
 - Human Health & Performance Contract (HHPC)
 - Human Health & Institutional Management Support (HHIMS) Contract
- XA/Exploration Integration
 - Strategic Business Integration
 - Independent assessments for technical and project mgmt
 - Exploration Development Integration
 - Exploration systems engineering and integration
 - Astromaterials Research and Exploration Science
 - Terrestrial and planetary research
 - Exploration Mission Planning
 - End to end mission analysis across programs
 - Exploration Technology
 - Technology development & transfer including partnerships
 - Center of Excellence for Collaborative Innovation
 - Collaborative innovative solutions & crowd sourcing
- Major Contracts:
 - JSC Engineering, Technology & Science (JETS) Contract
 - Strategic Professional Engineering Assessments Contract (SPEAC)
 - NASA-wide Specialized Engineering Evaluation and Test Services (NSEETS) Contract
 - NASA Open Innovation Services (NOIS) Contract
